Forecast For Scotland
Issued by Met Office Aberdeen
at 1600 on Thursday 02 Sep 2021

++ Valid for broadcast between 1800 and 0600

Headline:
Mostly dry Friday with sunny spells developing.

This Evening and Tonight:
Most places dry this evening, some late brightness in the west. Low cloud and a little drizzle spreading westwards overnight but some parts of the west remaining clear.

Friday:
Cloudy start in many places then sunny spells developing during morning but cloud lingering across parts of eastern Scotland. Northern Isles brighter than of late with a few passing showers.

Outlook for Saturday to Monday:
Dry on Saturday, best of the sunshine in the northwest. Staying largely dry and warm with some brightness on Sunday and Monday, perhaps some rain on Sunday night.
